

PUPPY CLUB RULES

-  All breeds are welcome.
-  Puppies must be 3 to 5 months of age.
-  Your puppy must have been living in your home for at least 10 days and received a health exam with your own Veterinarian, ensuring you have no health concerns bringing them to have contact with other puppies at this private park.
-  Your puppy must have a minimum of AT LEAST two vaccinations one week prior to attending. Please bring the current copy of puppy's vaccination records EACH time you attend. A copy on your phone is acceptable.
-  All participants must complete the [Wagging Fun Puppy Intake & Liability Waiver](#) at their first session (please come 10 minutes early to complete the form before the play session start time).
-  To ensure everyone is safe, parents must supervise their children at all times. Any misconduct will not be tolerated. Parents will need to complete a guardian waiver for each child.
-  Please mute your cell phones as they can cause reactions in puppies. We request owners to be watching their puppy's body language and be ready to receive instructions from the trained staff.
-  Sorry, this a training session and not a time for taking photos and recording videos.
-  Bring your puppy's favorite treats and poop bags. Please pick-up your puppy's poops immediately.
-  Please wear appropriate clothing and footwear for the great outdoors.
